INTRODUCTION

- FESPAK Engineering Solutions (Pvt.) Limited constitutes a group of professionals involved in turn key project executions, engineering solutions & services provider, imports, local sales / purchase, indenting, marketing, business promotion of Electrical Engineering Products used for Electrical Energy Transmission, Distribution, Control, Protection and Automation.
- We are committed to deliver high quality solutions and services to our valued customers.
- The team members of company have vast experience of almost 15 years in Sales, Marketing, After Sales Services, Project Execution/Management & Maintenance.

SLOGAN

We Believe our Values

Quality

"FESPAK is committed to provide customers with defect-free products through our strategy of selecting world renowned leading manufacturers. Quality shall, in every case, take precedence over quantity. This commitment to quality applies not just to our offered products, but to everything we do".

Availability to Customers

"The best products and services are useless if they are not available when and where someone needs them. FESPAK's commitment to availability extends throughout the organization, at all levels for our valuable Customers".

Service

"FESPAK is committed to support our Supplied products and Solutions to customers through industry-leading technical services techniques, technical support and training, prompt and accurate answers to questions and handling of transactions, and timely follow-up on all matters".

Innovation`

FESPAK's commitment to innovation means that we will evaluate and incorporate new technologies into our offered products and services continuously to improve values of our Solutions from our customers. FESPAK does not search for avant-garde technologies purely for the sake of change, but instead embraces innovations and solid solutions that make a difference.

Performance

"I learned the value of hard work by working hard."

MISSION STATEMENT

Profitable growth through fast & efficient Customer Service, Innovation, Quality & Commitment.

Committed to deliver high quality products, solutions to the valued customers.

Create new possibilities for the future, share and build upon each other knowledge.

Closely work with our customers in an open collaborative way. We react fast & flexible to their changing needs.

We offer superb services to our valuable customers.

Created a professional working environment to our team members where talented people develop.

Create a culture in which employees understand their responsibilities and feel comfortable raising concerns without any fear.

Committed to promote our culture with a strong focus on ethics, Work - life balance and integrity.

WE OFFER

What We do.....

Internal/External Electrification Work on Turn-Key basis for Commercial/ High-rise Buildings, Allied & Process Industries, Housing Societies, Earthing & Lighting Protection Systems

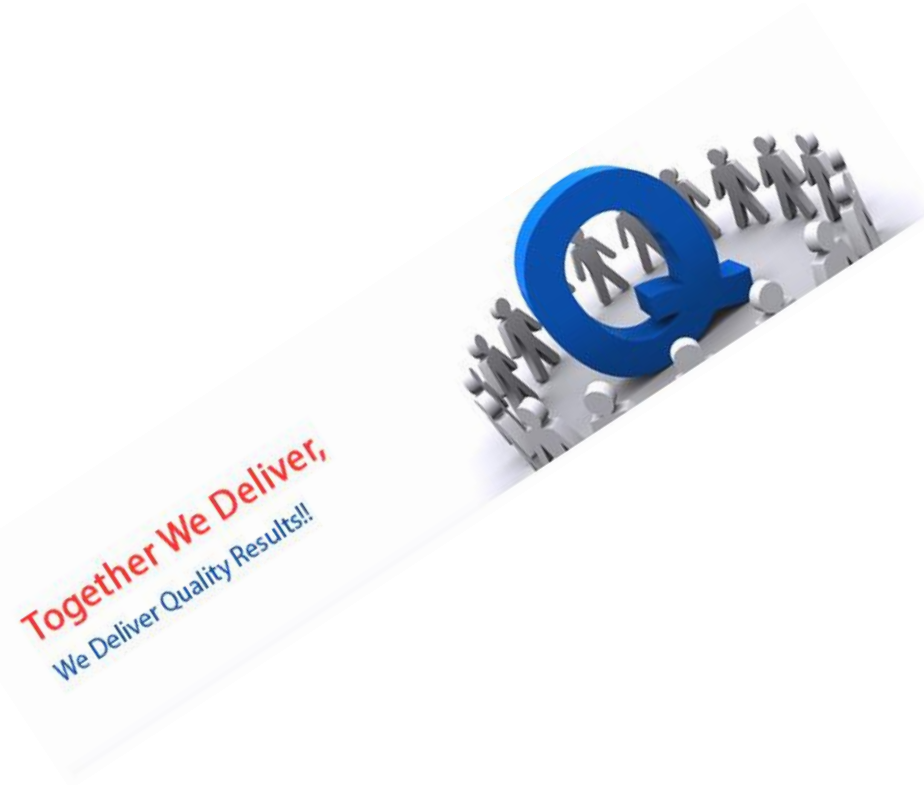

Supply, Installation, Testing & Commissioning of 11-kV Transmission Lines/ Switchgear, Distribution Transformers, LV Switchgear/PFI, Power Generators, ATS/AMF Panels, Synchronization/Load Management & Phase Reversal Panels

Supply, Installation, Testing & Commissioning of AVR, UPS Systems, CCTV & Access Control Systems, and Datacenters/ IT Equipment

Supply, Installation, Testing and Commissioning of Complete Data Centre Equipment including UPS Systems, Data Racks, PDU, In-Row and Rack Cooling Systems, environment management systems, access control Systems etc.

General Order Supplies related to Electrical Power Equipment's

QUALITY POLICY

QUALITY POLICY

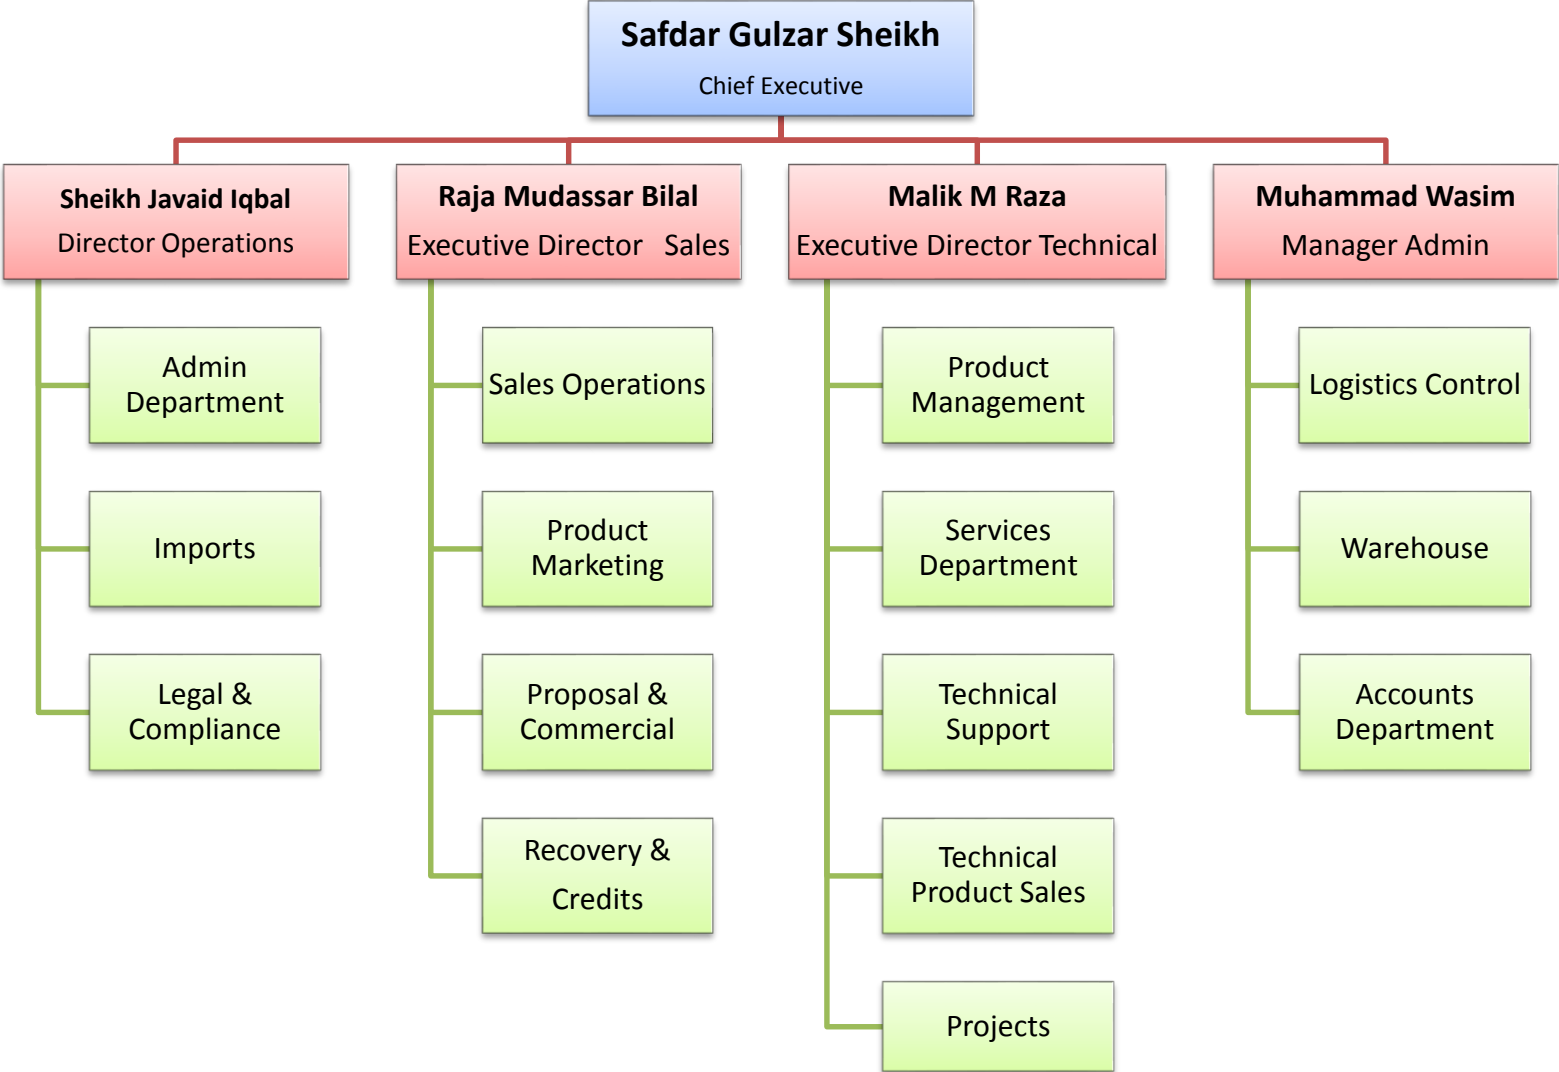

FESPAK Private Limited is a turnkey solution provider to Power Transmission, Distribution, Protection, Control and Automation for Utilities customers. FESPAK aims to ensure Quality and EHS compliant behavior within our market while satisfying the needs of our customers, the community, our workforce and other stakeholders

The policy states our commitment to quality, safety and the environment in all areas of work in the design, project management, engineering, installation, commissioning and maintenance of equipments for our customers, At all times, at FESPAK:

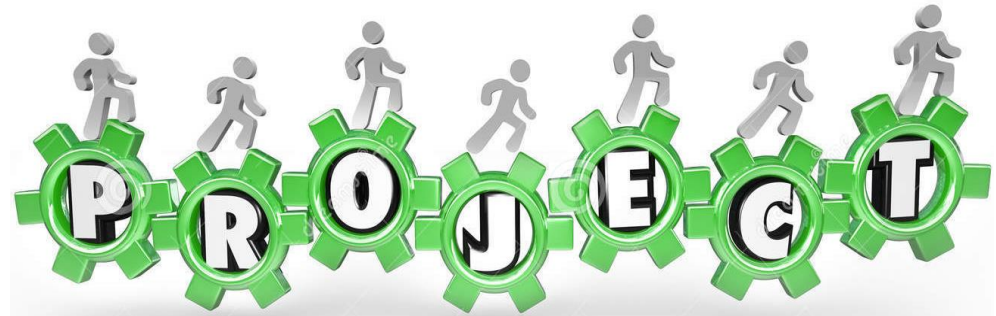

- We aim for a safe work environment with zero accidents and a negative environment impact.
- We care about and work to control and reduce our impact on the environment, through reducing pollution, minimizing waste production and the consumption of energy and water.
- We regard customer satisfaction as the measure of quality and we aim for continuous improvement in our performance.
- We are committed to complying with relevant environmental, occupational, health and safety laws, regulation, codes of practice and standards and in their absence apply internal standards.
- We encourage our employees, business partners, customers and contractors to contribute to our success in QEHS through an effective consultation and communication process.
- We have in place Management Systems that defines the processes to implement quality, protect environment, provides safe workplace and to meet our customer's requirements.
- We provide suitable and sufficient resources, objectives, & targets, information and education to support our QEHS Policy.

Managers have the authority and responsibility to develop, in consultation with workforce, necessary processes and procedures and are responsible for their implementation. Individuals have a responsibility to follow such processes and procedures. No manager may be relieved of any part of their responsibility for quality, safety and the environment; these are operating functions and cannot be transferred.
